## PROFESSIONAL SUMMARY

Motion Graphics Designer with over 7 years of hands-on experience across creative agencies, education, and Big-4 corporate environments. My work focuses on visual judgment—analyzing intent, composition, pacing, and nar- rative clarity to build motion and video content that communicates effectively. I combine strong fundamentals in visual storytelling with select AI tools to explore directions efficiently, while maintaining human-led control over quality, meaning, and execution.

## HOW I WORK

Start with intent by understanding the message, audience, and purpose before visuals.
Break abstract ideas into clear visual structures, sequences, and motion flows.
Design for clarity first, beauty second
Analyze visual quality, composition, pacing, and narrative flow to identify what works and why
Use tools, including AI, selectively to support ideation and iteration without compromising craft

## CORE CAPABILITIES

Motion Graphics & Animation (2D)
Concept Development & Visual Planning
Corporate Explainer & Internal Communication Films
Brand-led Motion Systems
Social Media & Short-form Video Content
Visual Storytelling & Narrative Design
Visual Critique & Feedback Translation
Deadline-driven Execution in High-pressure Environments

## PROFESSIONAL EXPERIENCE

***The QA (Quatred Arts) Motion Graphics Designer*** *July 2025 – Present*
- Lead execution of motion graphics, branding assets, and social-first video content for digital brands
- Translate brand identities into consistent motion languages across formats and platforms
- Own projects end-to-end from concept and visual planning to animation, refinement, and delivery
- Collaborate closely with designers, strategists, and founders to align visuals with brand intent
- Use AI selectively during ideation and iteration to support speed and creative exploration

***Ernst & Young LLP (EY) Graphics & Motion Designer*** *January 2023 – August 2024*
- Designed corporate explainer videos and internal communication films for large-scale initiatives
- Converted complex, process-heavy information into clear and structured visual narratives
- Applied strict global brand standards and quality benchmarks across all deliverables
- Worked with internal stakeholders to critique, refine, and align visual communication
- Managed multiple projects simultaneously while maintaining consistency and accuracy

***Arena Animation Motion Graphics Faculty*** *June 2022 – December 2022*
- Taught motion graphics fundamentals, animation principles, and production workflows
- Trained students to analyze visual quality and articulate creative decisions clearly
- Guided learners through critique-based improvement and portfolio development

***Gokrazee Innovation Pvt. Ltd. Graphic & Motion Graphics Designer*** *July 2017 – January 2022*
- Created motion graphics, digital creatives, and video content for advertising and social campaigns
- Adapted visual tone, pacing, and style across diverse client requirements
- Collaborated with creative teams on ideation, evaluation, and execution

## MODERN AI WORKFLOW & TOOL AWARENESS

- Use AI for early ideation to explore concepts, visual directions, and alternatives
- Write and refine prompts to generate reference images and rough visual sequences
- Use AI outputs as a starting point for visual planning, not as final creative decisions
- Decide consciously how much automation versus manual craft each project requires
- Maintain human judgment over composition, pacing, narrative clarity, and quality

## TOOLS & SOFTWARE

Adobe After Effects (Primary), Adobe Premiere Pro, Photoshop, Illustrator, Audition, Adobe XD, Figma
AI Tools: Google Veo 3, Nano Banana Pro, Seedance, Minimax Hailuo, Kling, Wan, ChatGPT

## Advanced Film Editing & Graphics Design

Hi-Tech Film & Broadcasting Institute, 2015
Higher Secondary (WBCHSE), 2015
Secondary (WBBSE), 2013

## LANGUAGES

English, Bengali, Hindi
